Unit 2 Making choices

This unit is combined with EAL/D unit one ATAR. It requires you to evaluate perspectives and attitudes presented in texts, and create extended texts for a range of contexts. This pair of units prepares students for further study at university.

The thematic focus for this unit is making choices. Using knowledge and skills from their existing languages and cultures, students learn to use English to identify and examine choices facing themselves, their families, communities and societies in relation to issues of concern presented in a range of texts. They examine and use the ways language can be used to analyse choices, influence attitudes and effect change.
