

## Course Information

# English as an Additional Language Career and Enterprise | CAE

## About the course

For students who have not achieved OLNA, this course supports students to build their skills so they are ready for work and build their knowledge so they can plan realistic study and career pathways.

## F1CAE

### Unit 1 Work and safety

Unit 1 focuses on exploring work, including workplace communication, being organised, rights and responsibilities and how to work in groups. You will also focus on the value of volunteering to gain work experience. You will also learn about safety at work including key words, safety equipment and clothing and safety in different workplaces. You will learn about safety instruction manuals and learn how to identify dangerous situations at work.
