About the course

The Mathematics Foundation course focuses on building the capacity, confidence and disposition to use mathematics to meet the numeracy standard for the WACE. This course is for students who have not demonstrated the numeracy standard in the OLNA. It provides students with the knowledge, skills and understanding to solve problems across a range of contexts including personal, community and workplace/employment. This course provides the opportunity for students to prepare for post-school options of employment and further training.

F1MAT

Unit 1 Addition, subtraction, length, mass, capacity and time

In this unit you will study the mathematical knowledge, understanding and skills to solve problems relating to addition and subtraction, length, mass, capacity and time, and involving the extraction of information from, and the interpretation of, various simple forms of data representation used in everyday contexts. The number formats for the unit are whole numbers and money.

 <p>Prerequisites Must achieve OLNA category 1 or 2 to enrol</p>	 <p>Type of Assessment 50% Practical Application 50% Response</p>
 <p>Year of Study Year 11</p>	 <p>Costs \$25</p>
