

Course Information

English as an Additional Language Careers and Employability | CAE

About the course

This course helps you to plan your future study and work pathways. In addition, you will learn how to adapt and continue learning along with a changing world.

G1CAE

Unit 1 Work and career options

Unit 1 focuses on researching career information and on pathway planning. You will also learn how to identify and describe your strengths, attributes and values and learn how these might relate to your working life. You will also focus on improving your employability skills including communication, computer use, teamwork and time management.
