

## Certificate Information

# The Arts

## SIT30522 Certificate III in Events

CERTIFICATE

### About the certificate

This certificate will give you the skills required to assist in managing events, from the planning through to show day and events reflections and improvement. You'll be introduced to current industry technologies for lighting, audio visual and event apps in order to develop the skills needed to deliver professional events to your clients.

Events are diverse in nature (festivals, theatre, music, guest speakers), and the qualification provides a pathway to work for event and exhibition organisations operating in a range of industries including tourism and travel, hospitality, sport, cultural and community sectors. On completion of your Certificate III in Events, further study pathways exist directly into Diploma of Event Management; with other pathways leading into Travel, Tourism and Hospitality.

### Units
